Revised submission checklist

This document can be used as a checklist for files you should upload to your revised submission.

* Required files

Document	Checks
☐ **Author Response*** *Response document that goes to reviewers*	☐ Have you included a point-by-point response to every reviewer's comment (and Editor report, if applicable)? ☐ Is the file anonymised? (if you originally selected double-anonymous peer review) ☐ Is this uploaded on "Step 1 – View and Respond to Decision Letter" of the online submission form?
☐ **Highlighted PDF*** *Revised document that goes to reviewers*	☐ Is the file anonymised? (if you originally selected double-anonymous peer review) ☐ Have you highlighted the changes made in response to reviewers? ☐ Is the file designation 'Complete Document for Review (PDF Only)' ☐ Is the document in a PDF format? ☐ Are figures and tables included?
☐ **Source File*** *Revised main file used to create the manuscript*	☐ Is this a Word, TeX or LaTeX format? ☐ Is this file clean (no tracked changes/coloured, highlighted text or comments)? ☐ Does the file contain: ☐ Full author list with affiliations ☐ Corresponding author (that matches submission form) clearly marked along with their email address ☐ Any relevant funding information/acknowledgements ☐ Ethical statement (if required) ☐ Are tables, figure captions, and equations in an editable format? ☐ Are equations inserted with a Microsoft Word equation tool, MathType or similar? ☐ Has all colour/gray scale and coloured text been removed from tables?
☐ **Additional Source Files** *TeX files components or high resolution images (if applicable)*	☐ Are these files uploaded on "Step 3 – File Upload" ☐ Is the file designation "Source Files"?
☐ **Clean PDF version*** *An unmarked copy of the manuscript in PDF format to be used as the published Accepted Manuscript version*	☐ Is this file created from your revised clean Source file? ☐ Is the file designation "Source Files"?
☐ **Supplementary material** *Supplementary files to be published 'as-is' alongside the main manuscript (including video abstracts, if invited)*	☐ Is this file clean (no tracked changes/coloured, highlighted text or comments)? ☐ Does the file have a title and description included? ☐ Is the file designation "Supplementary Data Files"?
